Motter Avenue Bridge Project

Construction Update

September 25, 2014

New surface paving on Opossumtown Pike (September 25, 2014).

Please drive carefully through the work zone and beyond:

- Observe new signs and flaggers during lane closures.
- Watch for construction equipment and working crews.
- Automated speed enforcement is in place on US 15. The speed limit is 55 mph.

New bridge deck and new concrete sidewalk for phase III on Motter Avenue. (September 25, 2014)

Recent Accomplishments:

1. Crews have completed pouring concrete for the deck (driving surface) of the final section of the new Motter Avenue bridge over US 15 (pictured at lower left).
2. Crews have completed grading and base-paving for road widening on US 15.
3. Crews have completed paving on Opossumtown Pike (pictured at lower left), Heather Ridge Drive and Thomas Johnson Drive. This completes the City of Frederick portion of the project.
4. On the bridge over US 15, crews have begun working on sidewalks and parapet wall (protective walls along the outer edges of the bridge).

Upcoming work schedule:

1. Crews will continue working on the final section of the new bridge.
2. Crews will place concrete for curb and gutter as well as for sidewalk.
3. Crews will continue working on the Motter Avenue roadway, getting the bridge approaches ready for base paving.
4. Crews will begin work on storm water management ponds.

On behalf of Maryland State Highway Administration (SHA), I would like to thank you for your cooperation and patience. Please drive with caution through our work zone.
